

## ANIMATED VIDEO TRAINING

**WE WILL INCREASE  
THE MEMORABILITY  
OF YOUR TRAINING.  
WE'LL REDUCE THE  
NUMBER OF INJURIES.**

- training of visitors in the office building
- training of external drivers / contractors
- training for production visits
- training visits in a specialised area

**MAKING OUR DAYS SAFER**  
**SINCE 2015**

**SKANSKA**

**SIEMENS**

## **BENEFITS** OF ANIMATED VIDEO TRAINING

We know you are on the front line of protecting people's health and safety.

Here's a solution to help you mitigate these risks efficiently and innovatively:

- Reduce injuries and property damage
- We simplify complex information so that even weaker individuals can understand it
- Animation catches the attention of distracted people
- Your training will be more memorable and fun
- Video emotionally captures the attention of trainees
- You can have the training in any language
- But with one video without voice, you can train everyone without language skills
- Animation illustrates processes that cannot be represented by a live-action video
- You will be able to stream the videos on TV, tablets or send them via email
- You can train passively or interactively using LMS software.
- Each video will be tailored to the specifics of your business and the law
- You will be able to easily update the video

## **SAMPLES** OF THE MOST POPULAR TRAINING COURSES:

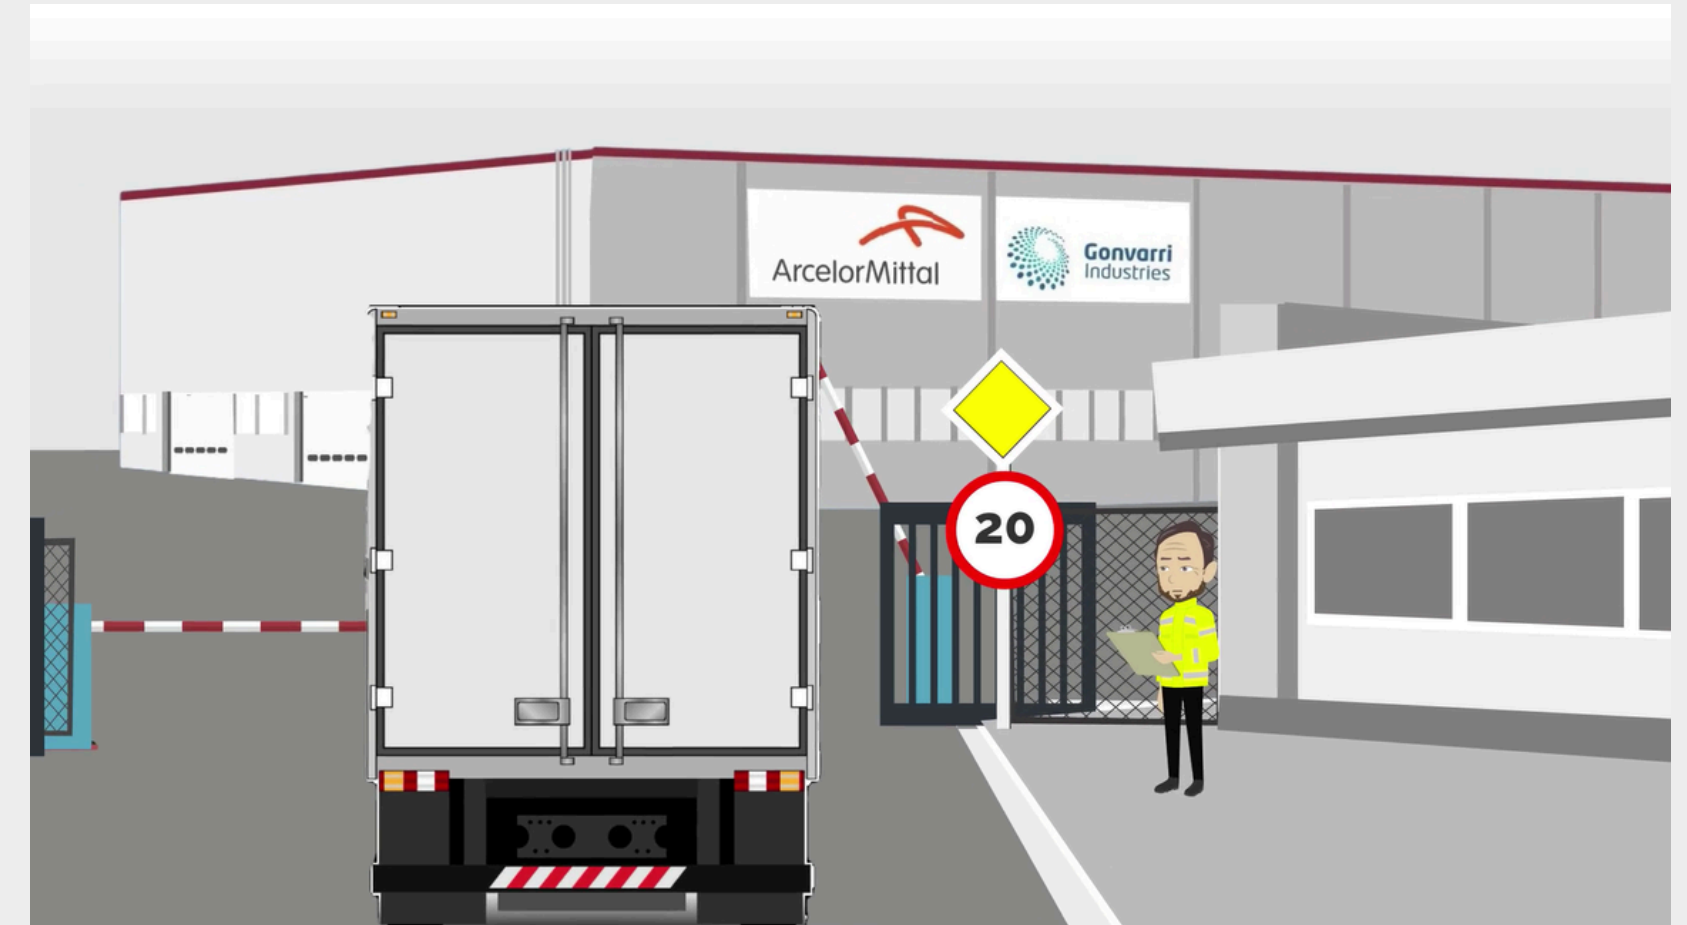

The examples below are in simple 2D Smart graphics without voice.

**However, we can create any kind of training for you in any kind of 2D or 3D graphics.**

## 1/ TRAINING of Drivers / suppliers in the production plant

The goal of many companies is just to get a signature on a piece of paper that the driver has read the training and may have understood it. But our common goal is that the driver really understands how to behave in the company.

So that they can prevent damage to property, health, and most importantly to their own life and the lives of others.

[Play video](#)

## 2/ TRAINING

### Visits in the production plant

End the outdated way of NOT training. From your position, you make decisions about the health and life of visitors to your business. And that's a big responsibility.

So our common goal is that the visitor really understands how to behave in the production facility and what pitfalls may await them.

[Play video](#)

### 3/ TRAINING of Visitors in the office building

Put your hand on your heart - nobody cares about the receptionist. Our common goal is to make it easy and quick for the visitor to understand how to behave in the building and to find their way quickly in case of danger.

This will prevent unwanted situations and protect property and health.

[Play video](#)

## 4/ TRAINING

### Visits in a specialized area

Put your hand on your heart - nobody cares about the receptionist. Our common goal is to make it easy and quick for the visitor to understand how to behave in the building and to find their way quickly in case of danger.

This will prevent unwanted situations and protect property and health.

## PRICE LIST FOR VIDEO TRAINING

Prices are valid for the Smart version of the animation, see examples.

Other graphics are custom priced and come out about 30% to 40% more.

3D graphics about 100% more.

Prices are valid for 2024.

|                   |            |
|-------------------|------------|
| <b>15 SECONDS</b> | 916 CAD    |
| <b>30 SECONDS</b> | 1 375 CAD  |
| <b>1 MINUTE</b>   | 2 750 CAD  |
| <b>2 MINUTES</b>  | 5 500 CAD  |
| <b>3 MINUTES</b>  | 8 250 CAD  |
| <b>4 MINUTES</b>  | 11 000 CAD |
| <b>5 MINUTES</b>  | 13 750 CAD |
| <b>6 MINUTES</b>  | 16 500 CAD |

## **WE SHOW YOUR ENVIRONMENT IN THE VIDEO**

We understand that budget constraints can be a challenge, which is why we are offering you a unique opportunity: You can start taking advantage of our training right away without having to wait for a new budget.

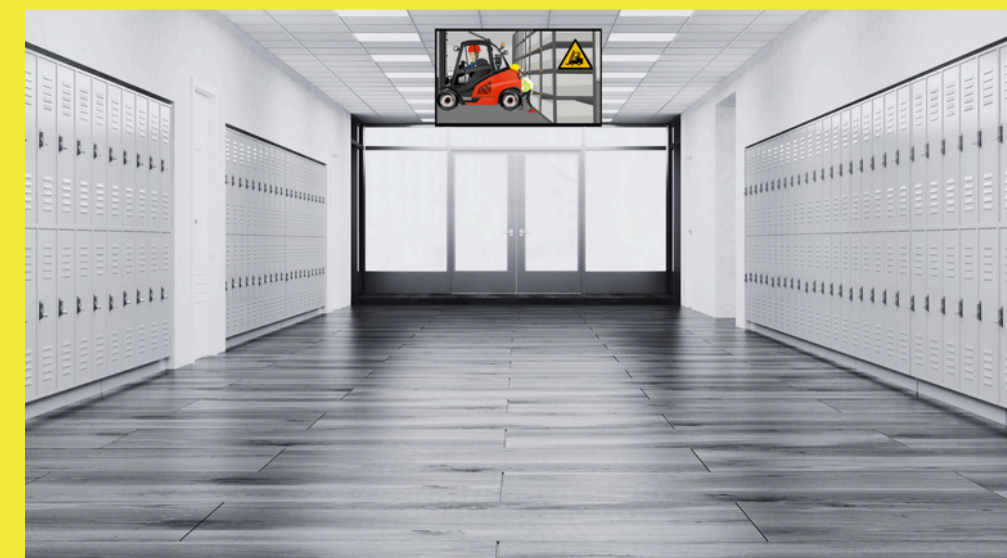

**We can deliver the video upon payment of 10% of the cost of the video.**  
**The remaining 90% of the video price can be paid for from next year's budget.**

Don't waste time and take a step forward to a safer workplace.  
Contact us today to find out more about this great offer.

**I WANT A FREE VIDEO DEMONSTRATION**

## WHERE TO PRESENT THE VIDEOS?

Training can be conducted passively or interactively using dedicated **LMS software**.

## HOW THE COLLABORATION PROCESS WORKS: 1/2

### **1. step - ask for free VIDEO demonstration**

Send us a few themed photos of your business or offices by phone or email. Instructions on how to do this can be found in the presentation.

### **2. step - We will create a VIDEO demonstration for you**

From the photos you send us we will create a short video demonstration for presentation to your management within 7 days.

### **3. step - We will create a quotation**

If you like the VIDEO demonstration, we will create a quote for you.

### **4. step - Let's have a video call (optional)**

If necessary, we can have a no-obligation video call, but you can find out everything you need to know on this page.

### **5. step - Send us your order**

After you decide to order our services, your purchasing department will send us an order.

If necessary, we will sign an NDA or complete other documents.

## HOW THE COLLABORATION PROCESS WORKS: 2/2

### **6. step - We will issue an advance invoice**

On the basis of the sent order, we will issue you an advance invoice for 50% of the price of the work.

After payment of the advance invoice, we will start the animation immediately. We offer a 10% discount for advance payment.

### **7. step - Let's start with the animation implementation**

Normally we create the first version of the animation in 7-14 days. We send you the video for approval/comments during the animation. We will then fine-tune the video together within about 14-21 days. The video is only finished when you approve it.

If you are not satisfied with the video (which we have never been), we will refund your money. We stand behind our work.

### **8. step - We will issue a supplementary invoice**

After the video is approved, we will send you an additional invoice, which will be calculated based on the actual length of the animated video in seconds.

### **9. step - Reference**

We enjoy our work and try to do it to the best of our ability. We put our hearts into every project, so we would really appreciate it if you would give us a short reference if you are really happy with our work.

### **10. step - Update**

If you need minor adjustments in the future (e.g. logo correction, phone numbers, etc.), we will edit the video for FREE. In case of major edits we will arrange individually.

## 600+ VOICEOVERS FROM 30 COUNTRIES

Video training without voice can be understood by everyone without language skills.

But we are also experts in video languages. We have our **own database of live voices**. Thanks to this, the price per voice does not affect the price of the video too much.

[Click to hear the voices](#)

## WHY CHOOSE US?

### **540+ clients**

Our satisfied clients include industry leaders as well as banks and the state.

### **Experience**

We have 9 years of experience in the industry. We specialize directly in OHS videos. We create international videos.

### **Great price**

We are a small, smart family studio. We don't burden the costs with offices in Wenceslas Square and tons of sales representatives. You only pay for the animation.

### **Flexible price**

The most important thing for us is not money, but references or recommendations. That's why we can negotiate the price.

### **Quantity discounts**

We offer nice quantity discounts. Plus 10% discount for advance payment.

### **High quality**

But we're probably not the cheapest either. Because we provide a great job that we put our heart into and that you can rely on.

### **Free video demonstration**

We know you're sincere when you ask for a demonstration. So let's cross our fingers together. After all, making your workplace safer is our job together.

### **Update**

We archive the videos. We provide FREE minor editing and updating of video training (logo, contacts, etc.)

### **Money Back Guarantee**

We believe in the quality of our services and therefore we can afford to refund your money in case of your dissatisfaction. But this has not happened to us yet.

## CLIENT REFERENCES

It was very easy to work with you. Since it was our first experience, we didn't have much of an idea. That's why we appreciated the professional and creative approach of the whole team and the result was a hilarious training video. It made the training a lot more fun for our employees. I recommend.

**Toyoda Gosei**  
[www.tgcz.cz](http://www.tgcz.cz)

For the launch of our new touchless identification device with integrated thermal sensor, we were looking for a specialized company being able to help us to visualize the solution benefits in a short animation. Your company did this to our full satisfaction and therefore we are happy to recommending Animacka.

**Philippe Niederhauser**  
[www.tbs-biometrics.com](http://www.tbs-biometrics.com)

Throughout the collaboration, we have greatly appreciated the patience, precision of workmanship and willingness to accommodate various requests from our side as well as our longer response time needed to fine-tune details with our consortium partners.

**GRANT GARANT**  
[www.grant-garant.cz](http://www.grant-garant.cz)

Thank you so much for a job well done and for your patience and understanding of your entire team. We are glad that we were able to make it to a successful final collaboration.
